

Unit 1 – Biological Diversity

Task: Title Page

Create an original and eye-catching title page for the unit that uses a COMBINATION of PICTURES and WORDS. Use the checklist to help you complete your title page.

- Name/Date/Title (you will automatically lose a mark if this is not included!)
- Pictures that show the topics covered
- Definitions/explanations of terms YOU THINK are most important
- Have a peer look over your work to ensure quality
- Check your work: do you have 5 relevant images/descriptions (2 marks each for a total of 10 marks)?

Some things to consider:

- ✓ Describe biological diversity (section 1)
- ✓ Draw/explain the classification of a living organism (section 1)
- ✓ Draw an example of variation within a species (section 2)
- ✓ Explain the difference between sexual and asexual reproduction (section 2)
- ✓ Explain the term DNA and draw a model of it (section 3)
- ✓ Show how cells divide in different ways (section 3)
- ✓ Draw an extinct organism and infer why it is no longer alive (section 4)
- ✓ Show an example of the impact humans have on diversity (section 4)

Total: 10 marks

Only quality work will be accepted and marked. Use your own judgment and the insight of your classmates to determine if your work is of an acceptable standard.
